London, Dec. 26.-Captain Deasy has just returned to London after two years spent in exploring and survey work of the highest importance in Cen-tral Asia. He left Strinagar early in September, 1897, to follow the unex-plored stretches of the Yarkand river from the west end of Raskam north-ward. He met with the greatest obstacles from Chinese officials, and so low was British as compared with Russian prestige, especially in Kashgar, that his British nationality seemed

tittle help to him.

The direct route from Yarkand leading toward the west end of Raskam passes through high, precipitous mountains separating extremely narrow val-ieys. Some of these valleys are cultivated. In others the dense jungle made it almost impossible for baggage animals to force a passage. Fro streams added to the difficulties. one valley many ice steps had to be cut before the animals could pass. The refusal of Tajiks to assist compelled Densy to cover a large area of the country. In the end he succeeded in necurately surveying all but a few miles of the unknown parts of the Yar-

kand river. He then went to Kashgar for another journey in the mountains to the south of Polu, but the Polu people were secretly instructed not to assist, and af-ter great hardships the task was abandoned and he returned to India, where ne was laid up in the hospital for two

months.
The official importance attached to his work is shown by the fact that his observations are being platted out by the Indian survey officials, and the resuits will be incorporated in official

MANY A MOTHER'S WISH.

Many a mother of a peevish, restless sickly child has wished that her little one was as strong and rugged as an Indian babe. Such mothers can make their children strong and well, if they rid the child's system o fworms, which cause nine-tenths of children's troubles. Kickapoo Indian Worm Killer will do it. For centuries the Indians used it to mack their babes rugged, powerful, fearless. What it has done for the child of the forest it will do February 1, 1900, for the child of the civilized-cure. That is what ith as been doing for years. You can get it of your druggist for 25 cents. Be sure to get the genuine. The child's life is too precious to trifle with worthless substitutes. Blood Poisoning

Keau, a native Hawaiian, died from blood poisoning at the Chinese hos-pital last night. Keau injured his arm several days ago while in the quarantine district. He sought no medical attendance and the wound became wors every day. Dr. Howard was called to the case yesterday and, finding amputation necessary, sought to get the poor native into the Queen's Hospital. this was not allowed on the ground that the man was from the quaranting district. Application was then made to the Chinese hospital people who. realizing the emergency, allowed the native to be taken to that institution. it was found later that amputation could avail nothing and so the poor fellow lingered along until early last night.
